

Project Facts

Main Entrance Reconstruction

Felician Sisters Chapel

Location: Livonia, MI
Start Date: August 2002
Duration: Four Months

Services Provided

- Demolition
- Sub-structure waterproofing
- Stone cutting
- Stone layout

Project Description

The existing staircase was removed down to the concrete sub-structure. Reconstruction consisted of waterproofing the sub-structure and rebuilding the brick and stone walls and steps. Cutting of the stone steps and handrail members required precision. A decorative paver inset in the landing added complexity. Since the steps comprised the main entrance to the Felician Sisters Montessori Church an accelerated schedule and exacting quality were required.

RAM Construction Services • 13800 Eckles Road • Livonia, MI 48150 • Tel 734-464-3800
