

Project Facts

Roof & Paver Restoration Museum of Jewish Heritage

Location: Beachwood, OH
Cost: \$222,000
Start Date: May 2005
Duration: Two Months

Services Provided

- Self-adhering waterproofing membrane installation

Project Description

A new museum, occupying an existing building, required a new roofing system and paver installation. The project included removal and replacement of the existing paver system, and a new Permaquik roofing system. More than 30,000 sq. ft. of replacement roofing and pavers were installed. Under intensive scrutiny by the general contractor and roofing manufacturer for warranty compliance, the project was completed in time for the scheduled grand opening.
