

Project Facts

Concrete Repair and Waterproofing Michigan Department of Transportation - I-96 Ramp

Location: Wayne, MI
Cost: \$545,000
Start Date: March 2005
Duration: Two Months

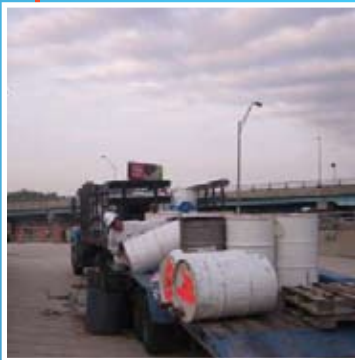

Services Provided

- Surface preparation
- Barricading
- Epoxy layering

Project Description

Working sixteen-hour days, seven days per week, Western Waterproofing installed 200,000 sq. ft. of epoxy overlay at one of Detroit's busiest highway junctions. In addition to tight time constraints and nearby vehicular traffic, the Western Waterproofing team had to satisfy demanding product application requirements and continuous inspection by the Michigan Department of Transportation.
