

Project Facts

Concrete and Masonry Repair Salvation Army Building

Location: Detroit, MI
Cost: \$1,863,000
Start Date: February 2005
Duration: On-going

Services Provided

- Facade restoration
- Terra-cotta repair
- Brick replacement
- Concrete spandrels
- Steel lintel repair and replacement

Project Description

As part of a two-year project to renovate the entire structure, this initial phase consisted of restoring the exterior facade of one-half of the building while the remaining half was occupied. The restoration required substantial repair of terra-cotta, brick and concrete spandrels, as well as steel lintel repair and replacement.
